Subject	Stop the terrible noise produced by the new EIB/EIF building
What are the details of your complaint?	There is a terrible health-damaging noise produced by the technical equipment of the new EIB building. This noise is so disturbing for all the people living in the apartments and houses situated in the neighbourhood of the EIB building that one can neither take a rest all over the day nor sleep at night, including weekends. Moreover, it is impossible to let the windows open in the apartments due to the noise. The noise to which the people are exposed apparently produces various kinds of discomfort leads to serious cardio-vascular, hearing, mental and neurological disorders.
What do you expect to achieve?	We expect you to take effective and efficient action to stop the production of the disturbing noise that may cause serious health disorders in people living in the neighbourhood of the new EIB/EIF building.
