Dear Ms. Amicucci

In reference to your complaint lodged on 2 December 2009 concerning the Bujagali Hydroelectric Project in Uganda I am pleased provide you with the final Conclusions Report prepared by the EIB Complaints Mechanism.

I sincerely apologise for the time delay for dealing with this complaint but I am counting on your understanding, especially in view of the complexity of the issues raised and of the positive results achieved on the ground for the project affected people during the handling of the complaint.

For your information, the collaborative resolution process regarding the negative impact of the project's blasting activities and for which the EIB-CM obtained the agreement of the parties involved (borrower, government agencies and local NGOs representing the 800 affected people) is expected to conclude shortly and before the final commissioning of the dam.

Yours sincerely,

Alfonso Querejeta
