

EIB-FEMIP in Egypt

Key figures from the last 10 years

EUR 3.5bn

financing for projects in all sectors

Since its inception ten years ago, the Facility for Euro-Mediterranean Investment and Partnership (FEMIP) has been contributing to the **economic and social development** of **Egypt** and the other Mediterranean partner countries.

The projects we finance help **create or safeguard jobs**, facilitate trade, enable a business-friendly environment, accelerate regional development and clean up the environment.

We improve the daily lives of women and men across the Mediterranean.

EUR 550m has gone to support industry in the private sector

EUR 2.5bn of funding has gone to the **climate and energy sector**, with an increasing focus on renewable energies

5 000

jobs created through support for SMEs in Egypt

EUR 7m for dedicated technical assistance operations to help implement projects

EUR 82m in private equity operations

8 co-financed projects under the Neighbourhood Investment Facility managed by the European Commission

EUR 2m in financing for a local **microfinance institution**, which has over 100 000 micro-borrowers

Selection of key projects

2003

Construction of liquefied natural gas plant in Idku

2004

Global loan to support private sector development

2005

Construction of a second natural gas liquefaction train in Idku

2009

Wind farm, Gulf of El Zayt

2009

Framework loan for water supply and wastewater schemes in the Nile Delta region
