The EIB enjoys legal personality and financial autonomy and is endowed with its own decision-making bodies. The EIB's Statute is drawn up as a Protocol (No 5) annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union. Pursuant to the third paragraph of Article 308 of the Treaty on the Functioning of the European Union, the Statute may be amended by the Council acting unanimously in accordance with a special legislative procedure, at the request of the European Investment Bank and after consulting the European Parliament and the Commission, or on a proposal from the Commission and after consulting the European Parliament and the European Investment Bank.

The texts of the Statute as well as of the various provisions relating to the EIB mentioned above are the texts as adopted in the context of the Treaty of Lisbon.

Moreover, the current text of the Statute also takes into account (i) the changes brought to Articles 4(1) and 5(1) by the decision of the EIB's Board of Governors of 31 December 2012, adopted in accordance with Article 4(3) of the Statute, to increase the capital of the EIB by EUR 10 000 000 000, (ii) the amendments following the Treaty of Accession of the Republic of Croatia to the European Union on 1 July 2013, and (iii) the decision of the EIB's Board of Governors of 1 July 2013 to align Croatia's subscribed capital share with the 2012 EIB capital increase.

Article 16
(ex Article 18)

1. Within the framework of the task set out in Article 309 of the Treaty on the Functioning of the European Union, the Bank shall grant finance, in particular in the form of loans and guarantees to its members or to private or public undertakings for investments to be carried out in the territories of Member States, to the extent that funds are not available from other sources on reasonable terms.

However, by decision of the Board of Governors, acting by a qualified majority on a proposal from the Board of Directors, the Bank may grant financing for investment to be carried out, in whole or in part, outside the territories of Member States.

2. As far as possible, loans shall be granted only on condition that other sources of finance are also used.
3. When granting a loan to an undertaking or to a body other than a Member State, the Bank shall make the loan conditional either on a guarantee from the Member State in whose territory the investment will be carried out or on other adequate guarantees, or on the financial strength of the debtor.

Furthermore, in accordance with the principles established by the Board of Governors pursuant to Article 7(3)(b), and where the implementation of projects provided for in Article 309 of the Treaty on the Functioning of the European Union so requires, the Board of Directors shall, acting by a qualified majority, lay down the terms and conditions of any financing operation presenting a specific risk profile and thus considered to be a special activity.

4. The Bank may guarantee loans contracted by public or private undertakings or other bodies for the purpose of carrying out projects provided for in Article 309 of the Treaty on the Functioning of the European Union.
5. The aggregate amount outstanding at any time of loans and guarantees granted by the Bank shall not exceed 250% of its subscribed capital, reserves, non-allocated provisions and profit and loss account surplus. The latter aggregate amount shall be reduced by an amount equal to the amount subscribed (whether or not paid in) for any equity participation of the Bank.

The amount of the Bank's disbursed equity participations shall not exceed at any time an amount corresponding to the total of its paid-in subscribed capital, reserves, non-allocated provisions and profit and loss account surplus.

By way of exception, the special activities of the Bank, as decided by the Board of Governors and the Board of Directors in accordance with paragraph 3, will have a specific allocation of reserve.

This paragraph shall also apply to the consolidated accounts of the Bank.

6. The Bank shall protect itself against exchange risks by including in contracts for loans and guarantees such clauses as it considers appropriate.

Article 17
(ex Article 19)

1. Interest rates on loans to be granted by the Bank and commission and other charges shall be adjusted to conditions prevailing on the capital market and shall be calculated in such a way that the income therefrom shall enable the Bank to meet its obligations, to cover its expenses and risks and to build up a reserve fund as provided for in Article 22.
2. The Bank shall not grant any reduction in interest rates. Where a reduction in the interest rate appears desirable in view of the nature of the investment to be financed, the Member State concerned or some other agency may grant aid towards the payment of interest to the extent that this is compatible with Article 107 of the Treaty on the Functioning of the European Union.

Article 18
(ex Article 20)

In its financing operations, the Bank shall observe the following principles:

1. It shall ensure that its funds are employed as rationally as possible in the interests of the Union.

It may grant loans or guarantees only:

- (a) where, in the case of investments by undertakings in the production sector, interest and amortisation payments are covered out of operating profits or, in the case of other investments, either by a commitment entered into by the State in which the investment is made or by some other means; and
 - (b) where the execution of the investment contributes to an increase in economic productivity in general and promotes the attainment of the internal market.
2. It shall neither acquire any interest in an undertaking nor assume any responsibility in its management unless this is required to safeguard the rights of the Bank in ensuring recovery of funds lent.

However, in accordance with the principles determined by the Board of Governors pursuant to Article 7(3)(b), and where the implementation of operations provided for in Article 309 of the Treaty on the Functioning of the European Union so requires, the Board of Directors shall, acting by a qualified majority, lay down the terms and conditions for taking an equity

participation in a commercial undertaking, normally as a complement to a loan or a guarantee, in so far as this is required to finance an investment or programme.

3. It may dispose of its claims on the capital market and may, to this end, require its debtors to issue bonds or other securities.
4. Neither the Bank nor the Member States shall impose conditions requiring funds lent by the Bank to be spent within a specified Member State.
5. The Bank may make its loans conditional on international invitations to tender being arranged.
6. The Bank shall not finance, in whole or in part, any investment opposed by the Member State in whose territory it is to be carried out.
7. As a complement to its lending activity, the Bank may provide technical assistance services in accordance with the terms and conditions laid down by the Board of Governors, acting by a qualified majority, and in compliance with this Statute.

Article 19 *(ex Article 21)*

1. Any undertaking or public or private entity may apply directly to the Bank for financing. Applications to the Bank may also be made either through the Commission or through the Member State on whose territory the investment will be carried out.
2. Applications made through the Commission shall be submitted for an opinion to the Member State in whose territory the investment will be carried out. Applications made through a Member State shall be submitted to the Commission for an opinion. Applications made direct by an undertaking shall be submitted to the Member State concerned and to the Commission.

The Member State concerned and the Commission shall deliver their opinions within two months. If no reply is received within this period, the Bank may assume that there is no objection to the investment in question.

3. The Board of Directors shall rule on financing operations submitted to it by the Management Committee.

4. The Management Committee shall examine whether financing operations submitted to it comply with the provisions of this Statute, in particular with Articles 16 and 18. Where the Management Committee is in favour of the financing operation, it shall submit the corresponding proposal to the Board of Directors; the Committee may make its favourable opinion subject to such conditions as it considers essential. Where the Management Committee is against granting the finance, it shall submit the relevant documents together with its opinion to the Board of Directors.
5. Where the Management Committee delivers an unfavourable opinion, the Board of Directors may not grant the finance concerned unless its decision is unanimous.
6. Where the Commission delivers an unfavourable opinion, the Board of Directors may not grant the finance concerned unless its decision is unanimous, the director nominated by the Commission abstaining.
7. Where both the Management Committee and the Commission deliver an unfavourable opinion, the Board of Directors may not grant the finance.
8. In the event that a financing operation relating to an approved investment has to be restructured in order to safeguard the Bank's rights and interests, the Management Committee shall take without delay the emergency measures which it deems necessary, subject to immediate reporting thereon to the Board of Directors.

Article 20
(ex Article 22)

1. The Bank shall borrow on the capital markets the funds necessary for the performance of its tasks.
2. The Bank may borrow on the capital markets of the Member States in accordance with the legal provisions applying to those markets.

The competent authorities of a Member State with derogation within the meaning of Article 139(1) of the Treaty on the Functioning of the European Union may oppose this only if there is reason to fear serious disturbances on the capital market of that State.

Article 21
(ex Article 23)

1. The Bank may employ any available funds which it does not immediately require to meet its obligations in the following ways:
 - (a) it may invest on the money markets;
 - (b) it may, subject to the provisions of Article 18(2), buy and sell securities;
 - (c) it may carry out any other financial operation linked with its objectives.
2. Without prejudice to the provisions of Article 23, the Bank shall not, in managing its investments, engage in any currency arbitrage not directly required to carry out its lending operations or fulfil commitments arising out of loans raised or guarantees granted by it.
3. The Bank shall, in the fields covered by this Article, act in agreement with the competent authorities or with the national central bank of the Member State concerned.

Article 22
(ex Article 24)

1. A reserve fund of up to 10% of the subscribed capital shall be built up progressively. If the state of the liabilities of the Bank should so justify, the Board of Directors may decide to set aside additional reserves. Until such time as the reserve fund has been fully built up, it shall be fed by:
 - (a) interest received on loans granted by the Bank out of sums to be paid up by the Member States pursuant to Article 5;
 - (b) interest received on loans granted by the Bank out of funds derived from repayment of the loans referred to in (a);to the extent that this income is not required to meet the obligations of the Bank or to cover its expenses.
2. The resources of the reserve fund shall be so invested as to be available at any time to meet the purpose of the fund.

Article 23
(*ex Article 25*)

1. The Bank shall at all times be entitled to transfer its assets in the currency of a Member State whose currency is not the euro in order to carry out financial operations corresponding to the task set out in Article 309 of the Treaty on the Functioning of the European Union, taking into account the provisions of Article 21 of this Statute. The Bank shall, as far as possible, avoid making such transfers if it has cash or liquid assets in the currency required.
2. The Bank may not convert its assets in the currency of a Member State whose currency is not the euro into the currency of a third country without the agreement of the Member State concerned.
3. The Bank may freely dispose of that part of its capital which is paid up and of any currency borrowed on markets outside the Union.
4. The Member States undertake to make available to the debtors of the Bank the currency needed to repay the capital and pay the interest on loans or commission on guarantees granted by the Bank for investments to be carried out in their territory.

Article 24
(*ex Article 26*)

If a Member State fails to meet the obligations of membership arising from this Statute, in particular the obligation to pay its share of the subscribed capital or to service its borrowings, the granting of loans or guarantees to that Member State or its nationals may be suspended by a decision of the Board of Governors, acting by a qualified majority.

Such decision shall not release either the State or its nationals from their obligations towards the Bank.

Article 25

4. The Protocol on the privileges and immunities of the European Union shall apply to the bodies referred to in paragraph 1 in so far as they are incorporated under the law of the Union, to the members of their organs in the performance of their duties as such and to their staff, under the same terms and conditions as those applicable to the Bank.

The Union shall also support the achievement of these objectives by the action it takes through the Structural Funds (European Agricultural Guidance and Guarantee Fund, Guidance Section; European Social Fund; European Regional Development Fund), the European Investment Bank and the other existing Financial Instruments.

The Commission shall submit a report to the European Parliament, the Council, the Economic and Social Committee and the Committee of the Regions every three years on the progress made towards achieving economic, social and territorial cohesion and on the manner in which the various means provided for in this Article have contributed to it. In accordance with his duties, the Ombudsman shall conduct inquiries for which he finds grounds, either on his own initiative or on the basis of complaints submitted to him direct or through a Member of the European Parliament, except where the alleged facts are or have been the subject of legal proceedings. Where the Ombudsman establishes an instance of maladministration, he shall refer the matter to the institution, body, office or agency concerned, which shall have a period of three months in which to inform him of its views. The Ombudsman shall then forward a report to the European Parliament and the institution, body, office or agency concerned. The person lodging the complaint shall be informed of the outcome of such inquiries.

The Ombudsman shall submit an annual report to the European Parliament on the outcome of his inquiries.

3. The Ombudsman shall be completely independent in the performance of his duties. In the performance of those duties he shall neither seek nor take instructions from any Government, institution, body, office or entity. The Ombudsman may not, during his term of office, engage in any other occupation, whether gainful or not.
4. The European Parliament acting by means of regulations on its own initiative in accordance with a special legislative procedure shall, after seeking an opinion from the Commission and with the approval of the Council, lay down the regulations and general conditions governing the performance of the Ombudsman's duties.

Article 258

(ex Article 226 TEC)

If the Commission considers that a Member State has failed to fulfil an obligation under the Treaties, it shall deliver a reasoned opinion on the matter after giving the State concerned the opportunity to submit its observations.

If the State concerned does not comply with the opinion within the period laid down by the Commission, the latter may bring the matter before the Court of Justice of the European Union.

Article 263

(ex Article 230 TEC)

The Court of Justice of the European Union shall review the legality of legislative acts, of acts of the Council, of the Commission and of the European Central Bank, other than recommendations and opinions, and of acts of the European Parliament and of the European Council intended to produce legal effects vis-à-vis third parties. It shall also review the legality of acts of bodies, offices or agencies of the Union intended to produce legal effects vis-à-vis third parties.

It shall for this purpose have jurisdiction in actions brought by a Member State, the European Parliament, the Council or the Commission on grounds of lack of competence, infringement of an essential procedural requirement, infringement of the Treaties or of any rule of law relating to their application, or misuse of powers.

The Court shall have jurisdiction under the same conditions in actions brought by the Court of Auditors, by the European Central Bank and by the Committee of the Regions for the purpose of protecting their prerogatives.

Any natural or legal person may, under the conditions laid down in the first and second paragraphs, institute proceedings against an act addressed to that person or which is of direct and individual concern to them, and against a regulatory act which is of direct concern to them and does not entail implementing measures.

Acts setting up bodies, offices and agencies of the Union may lay down specific conditions and arrangements concerning actions brought by natural or legal persons against acts of these bodies, offices or agencies intended to produce legal effects in relation to them.

The proceedings provided for in this Article shall be instituted within two months of the publication of the measure, or of its notification to the plaintiff, or, in the absence thereof, of the day on which it came to the knowledge of the latter, as the case may be.

Article 265

(ex Article 232 TEC)

Should the European Parliament, the European Council, the Council, the Commission or the European Central Bank, in infringement of the Treaties,

fail to act, the Member States and the other institutions of the Union may bring an action before the Court of Justice of the European Union to have the infringement established. This Article shall apply, under the same conditions, to bodies, offices and agencies of the Union which fail to act.

The action shall be admissible only if the institution, body, office or agency concerned has first been called upon to act. If, within two months of being so called upon, the institution, body, office or agency concerned has not defined its position, the action may be brought within a further period of two months.

Any natural or legal person may, under the conditions laid down in the preceding paragraphs, complain to the Court that an institution, body, office or agency of the Union has failed to address to that person any act other than a recommendation or an opinion.

- (d) the fulfilment by national central banks of obligations under the Treaties and the Statute of the ESCB and of the ECB. In this connection the powers of the Governing Council of the European Central Bank in respect of national central banks shall be the same as those conferred upon the Commission in respect of Member States by Article 258. If the Court finds that a national central bank has failed to fulfil an obligation under the Treaties, that bank shall be required to take the necessary measures to comply with the judgment of the Court.
