

## ELENA Project Factsheet

### Sustainable Energy – East Slovenia (SE-ES)

|  |   |
|--|---|
| <b>Location of planned investments</b>                                   | Slovenia  |
| <b>Final Beneficiary</b>   | City Municipality of Kranj<br>(on behalf of 12 municipalities and 2 state-owned companies)  |
| <b>Final Beneficiary's address</b>                                       | Slovenski trg 1<br>SI-4000, Kranj<br>Slovenia   |
| <b>Sector(s) of investment</b>   | Energy efficiency in public buildings<br>Energy efficiency in street-lighting<br>Renewable energy in buildings<br>Waste heat recovery   |
| <b>Total Project Development Services (PDS) cost</b>                     | EUR 2,213,000   |
| <b>ELENA co-financing</b>  | EUR 1,991,700   |
| <b>Project Development Services (PDS) financed by ELENA</b>              | Activities supported by ELENA include: <ul style="list-style-type: none"> <li>• Engage and coordinate with municipal services on planning and permitting</li> <li>• Energy audits and energy baselines</li> <li>• Procurement documentation and procedures</li> <li>• Feasibility/technical studies and investment plans</li> <li>• Contracting for ESCOs, suppliers, construction companies</li> <li>• Project management and co-ordination</li> </ul> |
| <b>PDS Timeframe</b>   | Q1 2021 to Q1 2024  |
| <b>Investment programme description</b>                                  | The participating municipalities and state-owned companies will jointly tender Energy Performance Contracts (EPC) and Contracts for works for the buildings and street-lighting networks they own and operate. Some 68 buildings will be EE retrofitted and over 15,000 street lighting points will be upgraded.  |
| <b>Investment amount to be mobilized</b>                                 | EUR 54.9m   |
| <b>Description of the approach to implement the Investment Programme</b> | Each participating municipality/company will make a detailed inventory of their assets to be EE retrofitted. Joint tenders will be launched for larger contracts in order to attract both local and foreign ESCOs. European structural funds money, managed by the government, will be used to co-finance the projects.   |
| <b>Expected results of investments planned</b>                           | Energy Efficiency – total annual energy saved: 22.9 GWh (54%)<br>Renewable energy – total annual energy supplied: 4.3 GWh<br>CO <sub>2</sub> reductions –total annual reductions: 9,842 tCO <sub>2</sub> eq, (60%)  |
| <b>Leverage factor (Minimum 20)</b>                                      | 28  |
| <b>Status</b>  | Contract signed on 25/03/2021   |
| <b>Contact person at ELENA beneficiary</b>                               | Ida Bibič   <a href="mailto:ida.bibic@kranj.si">ida.bibic@kranj.si</a>  |
