INNOVATIVE POLICIES FOR INNOVATION INVESTMENT

Introduction

04 December'17

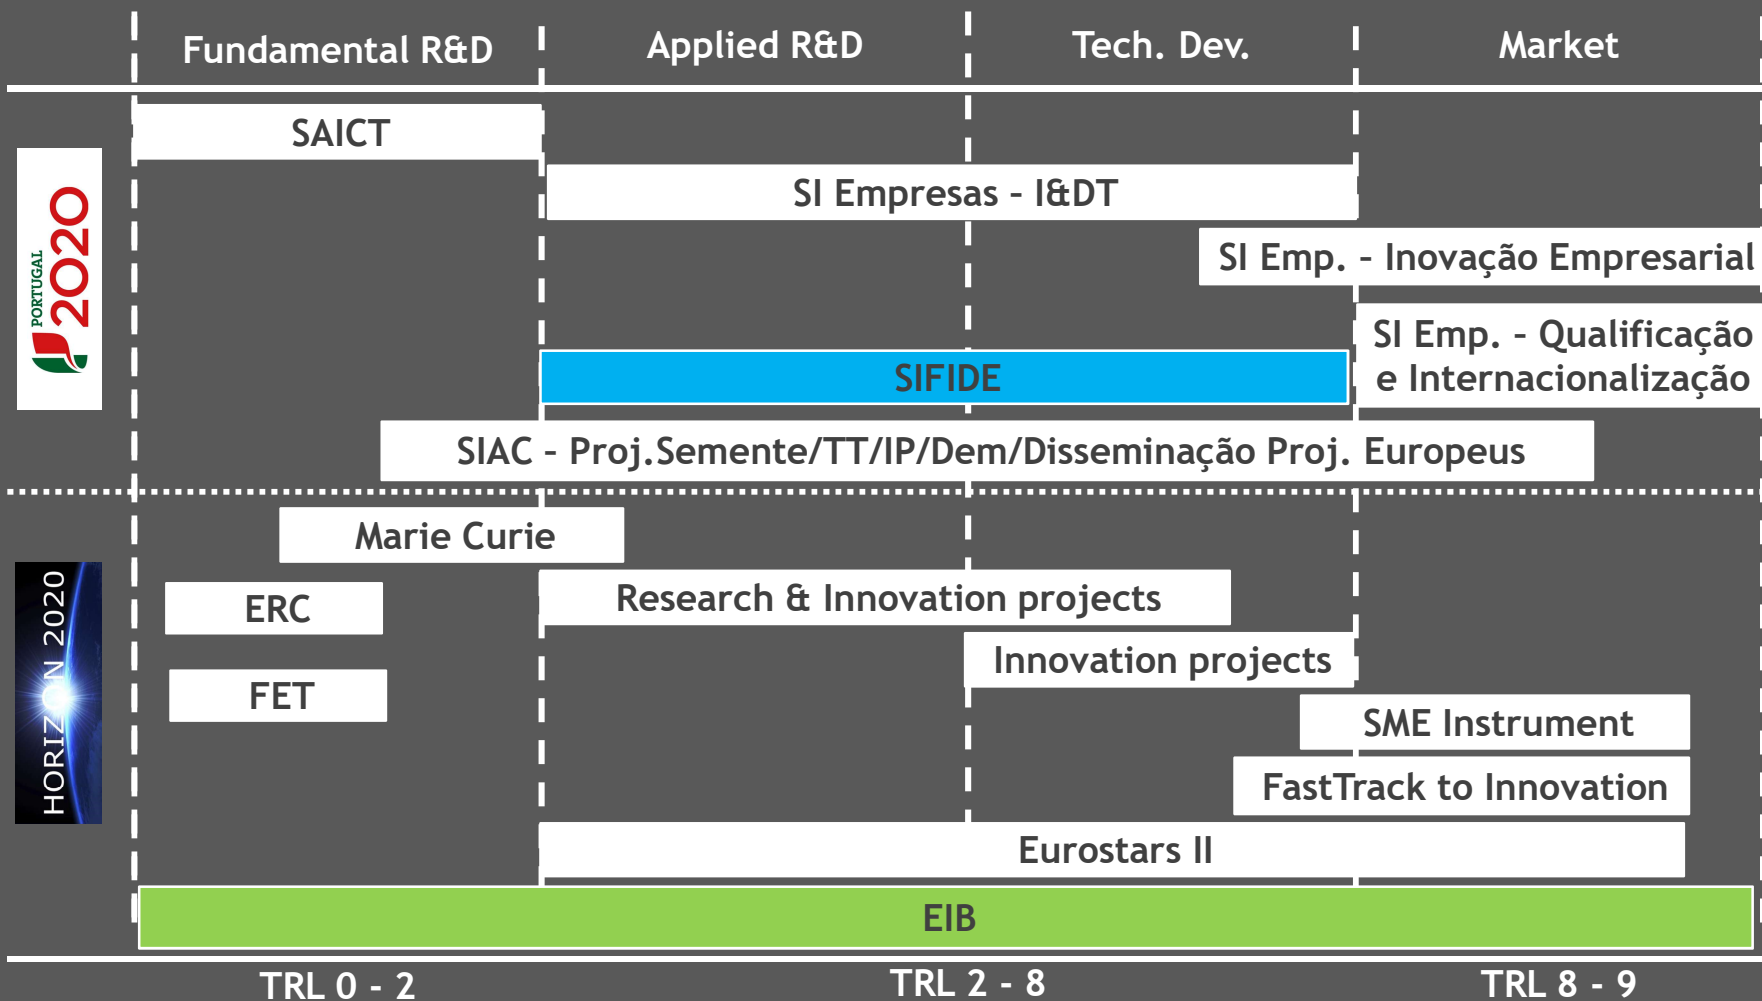

José Carlos Caldeira
ANI - President
jcaldeira@ani.pt

FUNDING AND FINANCING

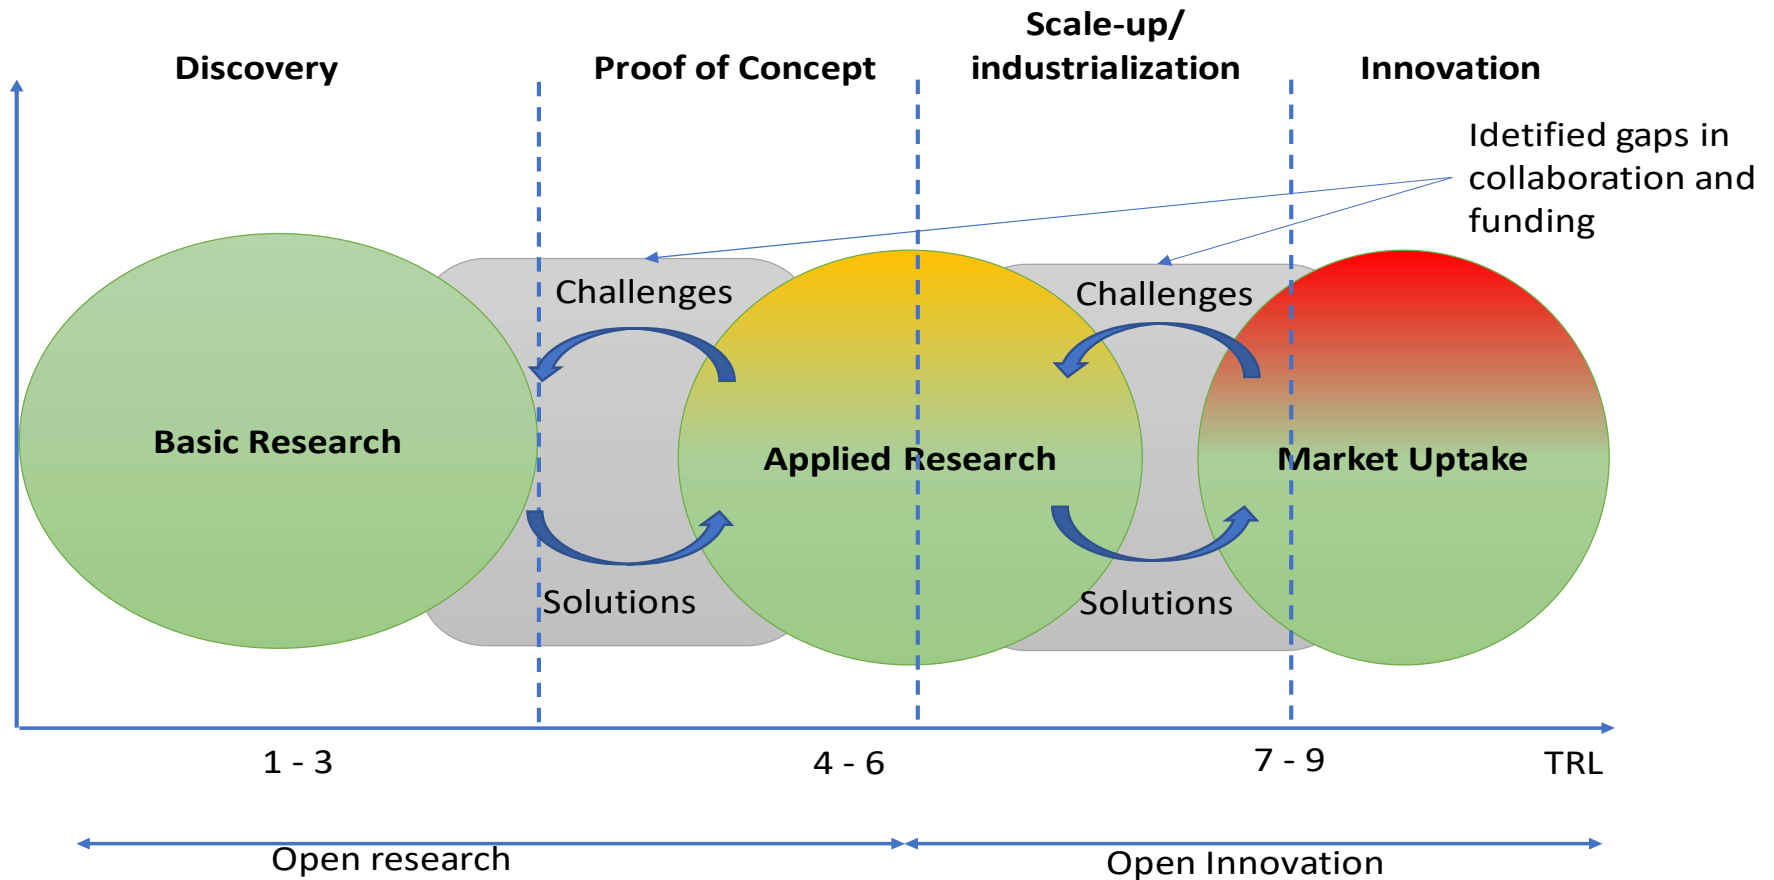

**INCREASE OF TECHNOLOGY DEVELOPMENT SPEED AND DIVERSIFICATION +
PRODUCT AND SERVICE LIFECYCLE REDUCTION = HIGHER PRESSURE FOR
R&D&I INVESTMENT (volume and ROI)**

- **Need to take advantage of all funding opportunities (international, national and regional)**
- **Need to combine and integrate complementary funding sources to cover the entire innovation cycle (different rules, time windows, etc.)**
- **One of the main challenges at European level**

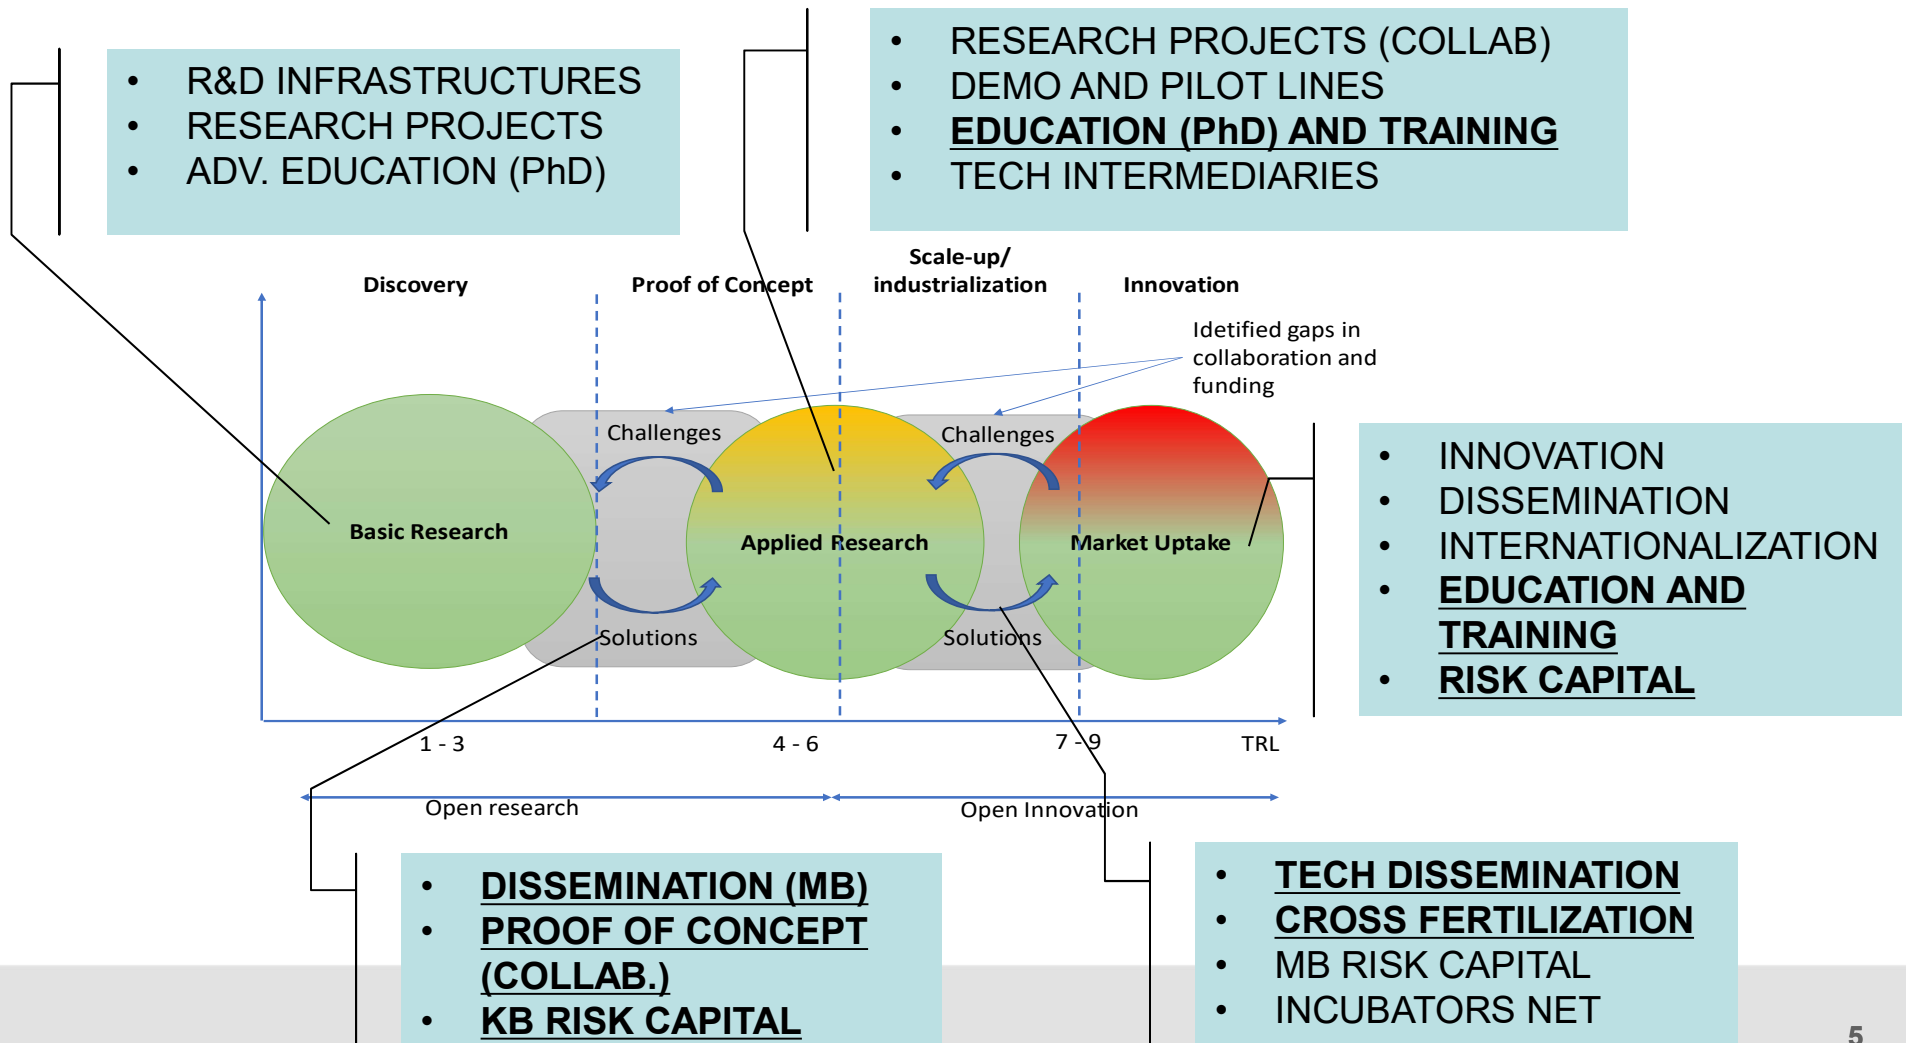

KNOWLEDGE & COLLABORATIVE INNOVATION: Opportunities towards the 2020 milestone Integrated approach to the R&I cycle

KNOWLEDGE & COLLABORATIVE INNOVATION: Opportunities towards the 2020 milestone Integrated approach to the R&I cycle

KNOWLEDGE & COLLABORATIVE INNOVATION: Opportunities towards the 2020 milestone Integrated approach to the R&I cycle

KNOWLEDGE & COLLABORATIVE INNOVATION: Challenges towards the 2020 milestone PT2020 FUNDING INSTRUMENTS (2014-2020)

Incentive Systems for companies (Areas)	Project Typologies	Contract
Research and Technological Development (R&TD)	Companies – R&TD	<u>Consortium/Individual</u>
	Pilots and Demonstrators (new)	<u>Consortium/Individual</u>
	Large scale mobilizing projects	<u>Consortium</u>
	R&TD Teams in enterprises (new)	<u>Consortium/Individual</u>
	Protection of intellectual and industrial property (new)	<u>Consortium/Individual</u>
	R&TD Internationalisation (new)	<u>Consortium/Individual</u>
	R&TD Voucher	Individual
Entrepreneurship and Business Innovation	Productive innovation for non-PME's	
	Productive innovation for PME's	
	Qualified and creative Entrepreneurship	
	Entrepreneurship Voucher	
Qualification and Internationalisation of SMEs	Internationalisation of SMEs	
	Qualification of SMEs	
	Internationalisation and Innovation Vouchers	

Innovative Funding Instruments for R&D

- **DEMONSTRATORS AND PILOT LINES**: integration of previous R&D project results into real application demonstrators and pilot lines. Relevant for cross fertilization and synergies with EU projects.
- **COLLABORATIVE R&TD TEAMS IN ENTREPRISES**: mid/long term strategic partnerships between companies and research organizations to develop research and innovation agendas.
- **EUROPEAN-LEVEL COLLABORATIVE R&D PROJECTS**: utilization of structural funds to support national funding of European co-fund programmes (such as EUREKA/EUROSTARS)

StartUpPortugal In Numbers

- 135 incubators in the Portuguese Network of Incubators (RNI).
- 10 million euros available to support young entrepreneurs (<35 years old). Monthly stipend of 691,70€ per promotor up to one year.
- 10 million euros available to support entrepreneurs incubated in one of the incubators of the Portuguese Network of Incubators. Up to 5000€ available to support the acquisition of services provided by the incubators.
- 200 million euros available for national and international VC's to invest in Portuguese companies in a deal by deal basis (200M Fund).
- 280 million euros available to finance Portuguese startups through the co-investment with Business Angels and Venture Capital Firms.
