

Improving Access to Finance and Building Capacity in the Cereals, Oilseed and Aquaculture Value Chains

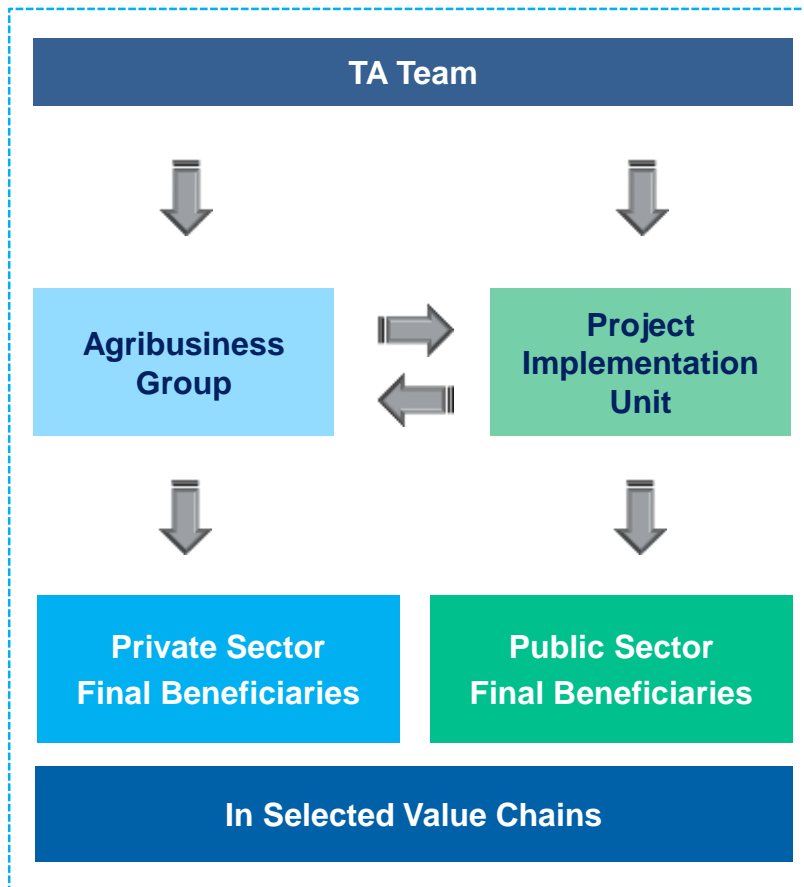

The Ukraine Agri-Food Value Chain TA Project Support for Final Beneficiaries from Private and Public Sectors

The author takes full responsibility for the contents of this presentation. The opinions expressed do not necessarily reflect the view of the European Union or the European Investment Bank.

Technical Assistance in Agri-Food Value Chains

TA will be provided for the EIB loans to support selected value chains in the agri-food sector in Ukraine.

Structure of the TA Support to Final Beneficiaries

Selected Value Chains

Cereals

Oilseeds

Aquaculture & fisheries

Technical Assistance for Final Beneficiaries will:

Support

- good loan applications for investment projects
- identification of regulatory constraints

Strengthen Capacity

- for business planning and financial management of investment projects
- in understanding environmental and social standards

Enhance Capabilities

- to understand modern agriculture and agri-food technologies in the three value chains
- to minimize input costs, to reduce losses, and to increase profitability
- to comply with EU standards and to apply best practices

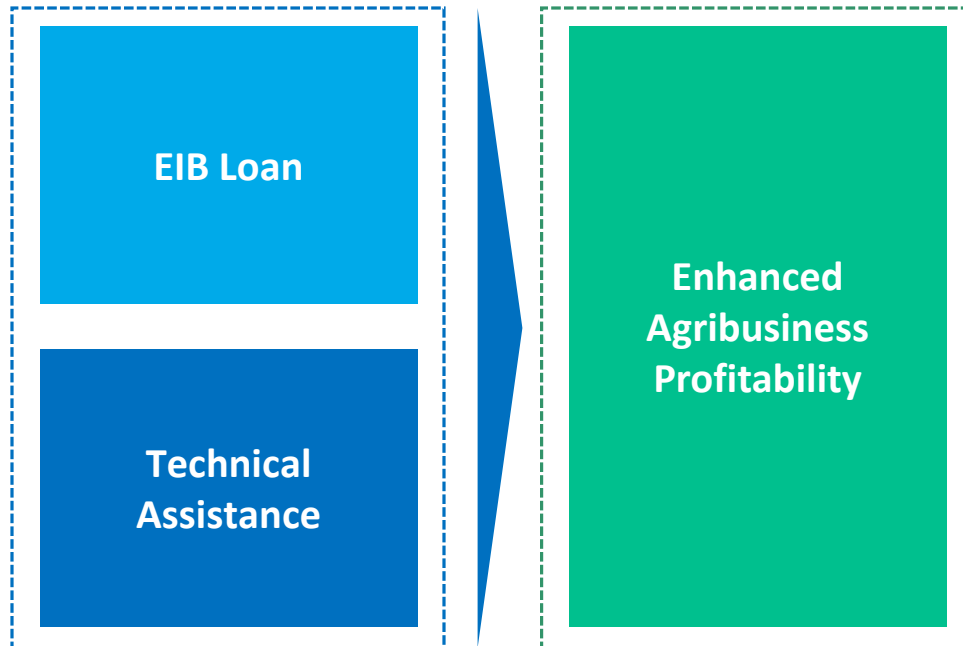

Improve Financial Literacy

- through training in modern farm business management
- to enhance access to finance

Assist

- identification of the best available technologies
- engagement with financial institutions
- communication with public authorities and the EIB

Results

BENEFITS FOR THE FINAL BENEFICIARIES FROM THE AGRI-FOOD VALUE CHAIN PROJECT

1. Attractive loan terms
2. New machinery/equipment
3. Improved productivity
