

**GLOBAL
INFRASTRUCTURE
FORUM 2018**

13 OCTOBER, BALI, INDONESIA

#2018GIForum

UNLOCKING INCLUSIVE, RESILIENT, AND SUSTAINABLE TECHNOLOGY-DRIVEN INFRASTRUCTURE

The 2018 Global Infrastructure Forum (GI Forum) will build on the 1st GI Forum, which was established as part of the Addis Ababa Action Agenda on Sustainable Development Goals. Its goal is to bridge the infrastructure gap by improving alignment and coordination among multilateral development banks and their partners to facilitate implementation of sustainable, accessible, and resilient infrastructure for developing countries.

Under the 2018 GI Forum's overarching theme, "Unlocking Inclusive, Resilient, and Sustainable Technology-Driven Infrastructure", the opening session discussions will set the stage for four sessions chaired by the multilateral development banks and the United Nations, organized in collaboration with public and private sector partners.

For this global event, heads of multilateral development banks and the United Nations, high-level government officials and business leaders will participate as panelists in the opening session. A global audience from the public and private sector will attend.

This 2018 forum is hosted by ADB and held in the Laguna Villas in Bali, Indonesia on October 13, 2018.

Opening Session A:

Sustainable Infrastructure through Technology

09:00 – 10:00

Digital and other technological applications can help drive the planning, construction, and operation and maintenance cycles of sustainable infrastructure offering a profound change to the delivery and operation of public infrastructure in the 21st century. This session will discuss the ways in which technology can enhance the provision of more sustainable and effective infrastructure, how technology can help countries achieve the Sustainable Development Goals, and where the greatest opportunities for the development of technology supported sustainable infrastructure may emerge.

Moderator:

Sharanjit Leyl, BBC Singapore

Panelists:

Takehiko Nakao, President, Asian Development Bank (ADB)

Sir Suma Chakrabarti, President, European Bank for Reconstruction and Development (EBRD)

Werner Hoyer, President, European Investment Bank (EIB)

Eriko Asai, President and Chief Executive Officer, GE Japan

Luis Alberto Moreno, President, Inter-American Development Bank (IADB)

K.V. Kamath, President, New Development Bank (NDB)

Emma Sri Martini, President Director, PT Sarana Multi Infrastruktur (Persero)

Kristalina Georgieva, Chief Executive Officer, World Bank Group (WB)

Opening Session B:

The MDBs – Catalyzing Private Finance

10:00 – 11:00

The world is facing a substantial infrastructure spending deficit. In 2016, McKinsey estimated \$3.3 trillion of investment per annum (or approx. 3.8% of GDP), in economic infrastructure is required to support projected regional growth to 2030. In Asia alone, the ADB estimates the climate adjusted funding requirement to be \$1.7 trillion per annum. This session will discuss how the multilateral development banks (MDBs), both individually and jointly, crowd in greater private finance, and the steps by which greater mobilization and catalyzation can be achieved particularly for lower income countries.

Moderator:

Sharanjit Leyl, BBC Singapore

Panelists:

Celestin Monga, Vice President, African Development Bank (AfDB)

Joachim von Amsberg, Vice President - Policy and Strategy,
Asian Infrastructure Investment Bank (AIIB)

Julie Monaco, Managing Director, Citigroup

Philippe Le Houerou, Chief Executive Officer, International Finance Corporation (IFC)

Bandar H. S. Hajjar, President, Islamic Development Bank (IsDB)

Joanne Spillane, Executive Director and Global Head of Private Capital Markets,
Macquarie Capital

Bambang Brodjonegoro, Minister of National Development Planning (Indonesia)

Elliot Harris, Assistant Secretary-General for Economic Development, Chief Economist,
United Nations

Session 2:

Achieving the Last Mile through Technology

11:30 – 12:30

This session will focus on how the last mile challenge can be tied to global and national policy agendas and the role of new technologies in achieving inclusive and sustainable development to help achieve access, increase employment, and reduce poverty.

Moderator:

Thomas Maier, Special Advisor on Infrastructure, EBRD

Introductory remarks:

Sarquis Jose Buainain Sarquis, Vice President for Economic Research, Risk, and Strategy and Partnerships, NDB

Panelists:

Wale Shonibare, Director, Energy Financial Solutions, Policy and Regulation, AfDB

Thierry Deau, Founding Partner and Chief Executive Officer, Meridiam Fund

Catherine Workman, Partner, Pinset Masons

Jiang Yang, Founder and Program Lead of PinStreet, Deputy director of China Sustainable Transportation Center, and Co-founder and CEO, Beijing CityDNA Technology Ltd

Session 3:

Good Practices in Scaling Up Investments in Infrastructure: Sustainability and Governance

13:30 – 14:30

This session will focus on emerging global, national, and sub-regional institutional arrangements (standards, agreements, policies, laws, and regulations) that will enhance infrastructure sustainability. It will present lessons learned about the linkages between infrastructure sustainability and governance, identify measures and good practices to monitor and evaluate social and environmental impacts throughout the project lifecycle, build on and consolidate joint MDB work on ensuring good governance for delivering infrastructure projects, and discuss approaches the MDBs can take to strengthen different aspects of sustainability, ensure collaboration and harmonization in project preparation, including new standards and principles, and delivering institutional, financial and operational support for sustainable infrastructure.

Moderator:

Lord Nicholas Stern, London School of Economics

Panelists:

Rana Ghorayeb, Senior Vice President, Investment, Infrastructure, Caisse de dépôt et placement du Québec

Jay Collins, Vice Chairman, Global Public Sector Group, Citibank

Clemente Del Valle, President, Financiera de Desarrollo Nacional (Colombia)

Helga Birgden, Principal and Head of Responsible Investment Business, Mercer Investment Consulting, Inc.

Jordan Schwartz, Director, Infrastructure, PPPs, and Guarantees, WB

Session 4:

Financing the Global Infrastructure Gap - Development and Innovation in Financing Modalities for Sustainable Infrastructure and De-risking

14:30 – 15:30

This session will discuss the implications of this “New World Order” for infrastructure, impacting cost, access, and usage. It will examine how policy-makers and private companies should respond to in this dynamic new world and how financiers can take advantage of the new asset opportunities.

Moderator:

Morgan J. Landy, Senior Director, Global Infrastructure & Natural Resources, IFC

Panelists:

Inderpreet S. Wadhwa, Founder, Chairman & CEO, Azure Power

Sebastian Kind, Undersecretary of Renewable Energy, Government of Argentina

Nadir Maruf, Chief Investment Officer, Eastspring Investments

Marjut Santoni, Secretary General, EIB

Discussant:

Joachim von Amsberg, Vice President - Policy and Strategy, AIIB

Session 5:

Innovative Climate Finance for Sustainable Infrastructure

16:00 – 17:00

This session will focus on the maximization of Green Finance, in particular the development of conventional green finance, i.e. green bonds and green loans, the important role of Islamic green finance, and the role of climate mitigation instruments, such as catastrophe insurance products.

Moderator:

Sean Kidney, Chief Executive Officer, Climate Bond Initiative
