

**CLIMATE — OUR BIGGEST  
GLOBAL CHALLENGE**

The European Fund for Strategic Investments, the centrepiece of the Juncker Plan, supports ground-breaking ideas to protect the planet.

**E F S I**

**PROJECTS FOR A  
BETTER WORLD**

**Over €90 billion  
for climate action**

## ENERGY EFFICIENCY

Zero-energy buildings, LED lighting and optimized industrial production cycles – EFSI helps save energy.

## LOW-CARBON POWER GENERATION

Wind parks, solar plants, hydropower, or combined heat and power generation – EFSI backs the full range of climate projects.

## BREAKTHROUGH TECHNOLOGIES

Fuel cells, green batteries or water-saving showers – EFSI supports the most exciting ideas to fight climate change.

## SUSTAINABLE INFRASTRUCTURE

Smart grids, trams and metros, charging stations for electric vehicles – EFSI is building more efficient energy and transport networks.
