## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name: Norrköping Municipal Investments

Project Number: 2014-0611

Country: Sweden

Project Description: The project concerns the financing of investment schemes forming part of the city of Norrköping's four-year investment programme from 2015 to 2018. The project is expected to comprise a number of small to medium sized schemes in the fields of education, childcare and transportation as well as investments in waste and other municipal infrastructure.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following key Environmental and Social outcomes at Project Completion.**

No significant environment or social issues were noted. None of the schemes to which the proceeds of the loan were screened in by the Competent Authority, and no EIA needed to be performed for them and delivered to the EIB. Additionally none of the schemes was deemed to have significant impacts on Natura 200 sites.

### Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter and site visits by the EIB team during construction that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
