## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name:	North Region Waste Water
Project Number:	2013-0356
Country:	Slovakia
Project Description:	Improvement and completion of the sewerage system in three municipalities (Banovce nad Bebravou, Partizanske, and Toplcany) located in Nitra and Trencin self-governing regions.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following key Environmental and Social outcomes at Project Completion.**

The investments under this project contributed to the Slovak Republic's progress towards compliance with the Urban Waste Water Treatment Directive (91/271/EEC), in line with the objectives of the EU Water Framework Directive (2000/60/EC).

The project fell under Annex II of the EIA directive 2011/92/EU. It was screened out by the competent authority and no EIA was required.

No significant environmental or social issues were noted.

#### **Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion based on reports from the promoter during construction that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
