Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	Malmö Municipal Investments
Project Number:	2015-0150
Country:	Sweden
Project Description:	The project consisted in the financing of investment schemes forming part of the City of Malmö's three-year investment programme from 2015 to 2017 under a municipal Framework Loan. The project was expected to comprise small to medium sized schemes in the fields of education, childcare, housing and other municipal infrastructure, although provision was also made for the possible inclusion of large schemes under the allocation procedures.

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

This operation comprised allocations to 28 educational projects, primarily preschools and elementary school buildings, sometimes with associated facilities for physical education. The operation also included upgrades of 3 cultural and administrative buildings.

None of the projects under this operation has been subject to an EIA.

No significant environment or social issues were noted during the implementation of this operation.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
