Environmental and Social Completion Sheet (ESCS)

Overview

Project Name: *DIAKHITEL - STUDENT LOAN IV*
Project Number: *2012-0450*
Country: *Hungary*
Project Description: *Financing part of the costs of third level studies by providing loans to higher education students through Diákhitel Központ Rt. (Diákhitel).*

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

The project activities did not fall under Annexes I or II of the EU Directive 2011/92/EC, and are therefore not subject to screening and/or Environmental Impact Assessments. The project financed student training activities, and there was no capital investment in infrastructure. The project did not include any new constructions or any investments in new facilities.

The project contributed to improve access to higher education for those students, who otherwise would not have the financial means. This student loan operation generated positive social effects, both at individual and societal level.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter that the project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
