Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	<i>MLEKPOL'S DAIRY PRODUCTION FACILITY</i>
Project Number:	<i>2016-0066</i>
Country:	<i>Poland</i>
Project Description:	<i>The project consists in the construction and operation of three new powder production lines in an existing milk processing complex in Mrągowo, Warmian-Masurian Voivodeship, a cohesion region in Poland.</i>

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

No significant environment or social issues were reported for the project during construction, implementation and early operation. The promoter obtained all integral environmental permits for the new plant and submitted them to the Bank in a timely manner, as requested. The information provided by the promoter indicate that the project was implemented following the permit's requirements.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter, during construction & operation that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
