Overview

Project Name:	INRIVER (EGFF)
Project Number:	2016-0808
Country:	Sweden
Project Description:	The project that the Bank financed addresses the transformation of the Promoter's business towards a SaaS model through the development of REST API to adapt to cloud based services; usage of Stateless Servers, Multi-Tenant offerings; Automated Billing Systems; Machine Learning solutions; Pre-built Industry Models; improved Management Views and Advanced Analytics.

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

Environmental Assessment

The project activities are not specifically covered by Annexes I & II of EU Directive 2011/92/EU and therefore not subject to Environmental Impact Assessment. The proposed investments took place inside buildings at R&D facilities already being used for similar activities without changing their already authorised scope.

No significant environment or social issues were noted.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
