Environmental and Social Completion Sheet (ESCS)¹

Overview

Project Name:	PIRKANMAA HEALTH CARE
Project Number:	20120047
Country:	Finland
Project Description:	<i>Refurbishment and construction of facilities for the Pirkanmaa Hospital District including improvements in health care and teaching facilities, as well as energy efficiency improvements, of the old premises of the Tampere University Hospital.</i>

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

No significant environmental or social issues were noted.

Hospitals and related facilities are not specifically mentioned in the EIA Directive 2011/92/EU as amended by 2014/52/EU on Environmental Impact Assessment (EIA), though the project is covered by Annex II of the Directive in relation to urban development.

Overall, the new hospital premises will improve the quality of care and safety. The project aims to improve the delivery of healthcare services in the Tampere region and includes beneficial elements in terms of social cohesion and protection. As such, the project presents high potential health and social benefits to society.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter during construction, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
