Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	<i>SAARLB - RE PROJECT FINANCE GUARANTEE</i>
Project Number:	<i>2014-0768</i>
Country:	<i>France and Germany</i>
Project Description:	The operation enabled the Financial Intermediary (FI) to provide new loans to create a new portfolio of onshore wind projects in France and Germany by sharing risk on an existing portfolio of projects.

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

Through this operation, the Bank provided funding to SaarLB that enabled the construction and operation of 7 onshore wind farms in France and Germany.

No risks or incidents were reported on any of the projects. The due diligence undertaken by the Bank on the existing portfolio included reviewing any environmental and social risks at the allocation stage. It was concluded that the projects in this operation were acceptable to the Bank from an environmental and social point of view.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter, that the Projects were implemented in line with EIB requirements for Environmental and Social Standards, applicable at the time of appraisal.
