## Environmental and Social Completion Sheet (ESCS)<sup>1</sup>

### Overview

Project Name:	Digital Innovation Acceleration
Project Number:	2018-0807
Country:	Spain

Project Description: The project concerned the Group's digitalisation activities organised in three major areas, namely (i) Improvement of sales performance, (ii) Optimisation of the Supply Chain and logistics and (iii) Investments in additional cross-company critical infrastructures, software and systems driven by the digital transformation process. The activities covered (a) the continuation of the adoption of technology and innovation that was developed through the previous project; (b) the consolidation of the disruptive developments and changes made; and (c) the scale up of new developments and processes.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following Environmental and Social performance and key outcomes at Project Completion.**

The project concerned the promoter's digitalisation activities which are not listed in any annexes of the Directive 2014/52/EU amending the EIA Directive 2011/92/EU and were carried out in existing facilities already authorised that did not change their scope due to the project. The project per se did not have any significant environmental impact.

#### Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter during project implementation that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
