Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	ZIELONA GORA MUNICIPAL INFRASTRUCTURE II
Project Number:	2014-0715
Country:	Poland
Project Description:	The operation comprised a multi-sector framework loan to finance eligible investment schemes in the Zielona Góra.

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

The operation comprised a multi-sector framework loan to finance mainly sustainable urban transport and renovation of public buildings. All the schemes had been identified as a priority in the Master Plan and the other related sector strategies. None of the schemes required Environmental Impact Assessment.

The Promoter is the Zielona Góra who was responsible for the implementation of all sub-projects. The maintenance of all projects stays with the City as well. Project implementation and management capacity of the Promoter is considered good based on the outcome related to the investments co-financed. Promoter provided good summary of schemes financed by EIB..

Summary opinion of Environmental and Social aspects at completion.

EIB is of the opinion based on the reports from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
