Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	ENEL OPEN METER
Project Number:	2015-0201
Country:	Italy
Project Description:	Implementation of an advanced electricity metering system throughout ENEL's concession areas in Italy.

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

The Project was not subject to an Environmental Impact Assessment under Directive 2011/92/EU, nor presented risks requiring specific contractual conditions or mitigants additional to what the Promoter already planned, in particular concerning the disposal of replaced meters. The Promoter did not report any significant environmental issue that affected the project or its implementation, nor problems that may represent environmental risks to the operation of the infrastructure.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter during construction that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
