Environmental and Social Completion Sheet (ESCS)¹

Overview

Project Name:	<i>ROAD NETWORK MODERNISATION</i>
Project Number:	<i>20150371</i>
Country:	<i>HUNGARY</i>
Project Description:	Rehabilitation, upgrade and construction of priority sections of the national road network in Hungary.

Summary of Environmental and Social Assessment at Completion

Several transport schemes were initially identified as potential allocations under this framework operation.

In the end, a single large allocation was approved under this framework, namely, the M85 Csorna-Sopron motorway, which was completed at the time of appraisal and open to traffic. All necessary documentation including the EIA had already been submitted to the Bank and mitigation measures were reported to have been implemented as planned.

Summary opinion of Environmental and Social aspects at completion:

The EIB is of the opinion based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
