## Environmental and Social Completion Sheet (ESCS)<sup>1</sup>

### Overview

|                      |   |
|----------------------|---|
| Project Name:        | CONNECTING EUROPE BROADBAND FUND (CEBF)   |
| Project Number:      | 2016-0013   |
| Country:             | Regional - EU countries / Norway / Iceland  |
| Project Description: | The operation concerned the investment in a broadband infrastructure fund, which would support to a large extent Greenfield broadband projects that are mostly located in less densely populated areas, smaller in size and have a high risk. The fund had the target to operate in the EU Member States complemented by Norway and Iceland. There were no pre-defined country allocations or minimum country requirements but the commitments in one member state, was not to exceed 20% of the total fund size. |

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following Environmental and Social performance and key outcomes at Project Completion.**

The Fund's underlying investments related to rolling out fibre-to-the-home (FTTH) networks. In the project completion reporting from the promoter, it was confirmed by the promoter that no environmental issues have been identified during the project implementation and that all related legal obligations concluded between the promoter and EIB at the time of contract closing have been met.
