Environmental and Social Completion Sheet (ESCS)¹

Overview

Project Name: *Holland Proton Therapy Research Center*
 Project Number: *20120328*
 Country: *Netherlands*
 Project Description: *New research-focused Proton Therapy (PT) Centre in Western Holland promoted by Delft University of Technology (TU Delft), Leiden University Medical Centre (LUMC) and Erasmus University Medical Centre Rotterdam (Erasmus MC).*

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

The Holland Proton Therapy Centre opened in 2018 and conducts scientific research and treats oncology patients with advanced radiation therapy. The Centre is located within the campus of TU Delft and thus the Nuclear Energy and Environmental permits for TU Delft were extended to include the operations of Holland Proton therapy Centre. A new EIA was not required.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
