## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name:	SDF TRACTORS RDI
Project Number:	2019-0561
Country:	ITALY, GERMANY
Project Description:	The proposed Project concerned RDI activities in the field of agricultural machinery, equipment and services focused on (1) Product development and product range consolidation, (2) Digitalisation and precision farming as well as (3) Vehicles' electrification, carried out in the Promoter's R&D locations in Italy and Germany in the period 2020-23.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following Environmental and Social performance and key outcomes at Project Completion.**

The loan underlying investments at completion focused primarily on the further development on the Promoter's product portfolio, on reducing the emissions of tractors, and on innovative precision farming solutions.

The financed activities were not subject to the EIA Directive.

No environmental or social issues were identified during implementation.

#### **Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion, based on reports from the Promoter, that the Project has been implemented in line with EIB Environmental and Social Standards applicable at the time of appraisal.
