## Environmental and Social Completion Sheet (ESCS)<sup>1</sup>

### Overview

Project Name:	DIF Core Infrastructure Fund I
Project Number:	2017-0385
Country:	Regional – EU Countries
Project Description:	An infrastructure fund focusing chiefly on EU Member States. Main sectors are Telecom, Transportation, and Energy & Utilities.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following Environmental and Social performance and key outcomes at Project Completion.**

The operation concerned EIB participation in DIF Core Infrastructure Fund I (DIF CIF I) (the “Fund”). The operation supports investments in different sectors including energy, transport, telecommunication and healthcare projects in the EU and other regions.

The Fund has prepared and submitted to the Bank compliance reports and ESG reports on a regular basis. Based on this reporting and regular interaction with the Fund Manager there were no material deviations from the EIB requirements or material environmental and social incidents.

In addition, with respect to investments that would be subject to an environmental impact assessment (EIA), the Fund reported that it does not hold any investment for which an ESIA as defined in Directive 2011/92/EU and Directive 2014/52/EU was required. Either as the construction of the respective investment pre-dated the entry into force of the regulation or as the investments are not listed in Annex I of Directive 2011/92/EU.

### Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
