## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name:	DIGITAL INNOVATION POSTAL AND LOGISTIC SERVICES
Project Number:	2019-0473
Country:	SLOVAKIA
Project Description:	The project was part of the promoter's investment programme to digitalise and transform its operations and portfolio of services, including the universal service for postal services. The promoter's key objective was to adapt the organisation to the drastic changes in its business driven by the internet and digital technologies in general, while fulfilling its universal service obligation with high quality and efficiency. The project mainly included investments in new IT systems (hardware and software) as well as specialised postal equipment, such as parcel sorting lines.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following Environmental and Social performance and key outcomes at Project Completion.**

No significant environmental and social issues in relation with the current project have been noted.

#### **Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion based on reports from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
