Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	SOZIALES UND NACHHALTIGES WOHNEN BRANDENBURG II
Project Number:	2015-0650
Country:	Germany
Project Description:	The second social housing operation in the federal state (Land) of Brandenburg with the counterpart ILB. The operation concerns the financing of the Land Brandenburg's social housing programmes implemented in the years 2016-2020 in local authorities throughout the region. The investments comprise primarily new construction of social housing, and also some retrofitting and adaption of existing housing to improve mobility and accessibility.

Summary of Environmental and Social Assessment at Completion

EIB notes the following Environmental and Social performance and key outcomes at Project Completion.

The Project aimed to enhance housing for socially disadvantaged groups by building new rental apartments in urban or consolidation areas and modernising existing properties to provide accessible, attractive homes, with attention to sustainability and energy efficiency.

Based on obtained information, none of the schemes was subject to an Environmental Impact Assessment and no Natura 2000 sites were affected by the Project. No significant environment or social issues were noted.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
