

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	<i>Deutsche Telekom High Speed Broadband</i>
Project Number:	<i>20120623</i>
Country:	<i>Germany</i>
Project Description:	The project concerned the roll-out of an innovative broadband access infrastructure (“VDSL/vectoring”) in Germany based on the existing copper access network and combined with increased fibre coverage as well as a new copper access technology. By 2014, it enabled very high speed broadband services (up to 100 Mbit/s) for about 4.7 m households, representing about 13% of German households.

Summary of Environmental and Social Assessment at Completion
