MEMORANDUM OF UNDERSTANDING (MoU)

**Between LTWP and Sirima Community for the relocation of project affected structures
(Manyattas) affected village: Sirima**

Background

- (1) It is acknowledged that the Lake Turkana Wind Power (LTWP) Project is a project that shall install wind turbines and power generating plant and equipment in the Marsabit area of Kenya to generate energy from the wind and supply electric power to the national grid (the **Project**).
- (2) To successfully implement the Project, installations and improvements shall be made to the land in Marsabit County in the subdivision of Loiyangalani known as Sirima (**Land**) to provide amongst other things, area for installation of wind turbines and transformers and equipment, related internal roads, facilities and ancillary services required to develop the Project (the **Site**).
- (3) Lake Turkana Wind Power Limited has procured the required consents and approvals to undertake the development of the Site.
- (4) To minimise accidents and as mitigation against any unnecessary misfortunes to the affected Sirima community, which has a settlement located alongside the C77, a third class road, which serves Loiyangalani town some 40km to the North and South Horr some 50km to the South East of the settlement. LTWP taking cognisance of the settlement location that the safety of the Sirima settlement and the nuisance associated with construction activities that it is essential that the settlement be relocated from its current location to an area not part of the construction activities.

LTWP Statement of Objective

LTWP's objective is to ensure that the safety of the Sirima community and livestock is not impaired by the Project and to maintain, if not improve upon, the standards of living of the Sirima community as well as their cultural identity and nomadic lifestyle. LTWP in collaboration with the Sirima nomadic settlement and community elders following detailed discussions and full understanding of the matters discussed agreed and equitable relocation area for the community encampment away from the C77 road to mitigate the potential safety hazards associated with the current location of their nomadic settlement. A suitable relocation area has been identified nearby 1.0 km south of the settlements current location, in a low impact construction area and 2.8 km away from nearest cluster of wind turbines. A compensation plan along with associated community benefits was previously agreed with an entitlement cut-off date, March 2012.

Since the cut-off date a number on stakeholder engagements and consultation meeting took place cumulating with the signing of a compensation relocation acknowledgement Agreement on 02 August 2014 during the Project Affected Household (PAH) asset verification enumeration. At a subsequent consultation meeting with Nick Taylor the community requested LTWP to reconsider the 'Like-for-Like' agreed compensation package to a Cash compensation for their structures. LTWP took the community request away and sought affirmative confirmation from LTWP management and Lenders to the Project and received conditional favourable responses to the community's request.

LTWP Obligations and Responsibilities

Relocation of the Sirima community and encampment will include the following:

- a) A new settlement area has been agreed, developed with respect to layout regarding the positioning of the individual PAHs families and the construction of their associated structures as per the wishes of the community that will incorporate the benefits to be provided by LTWP detailed below, in accordance with the design, sizes and traditional practices associated with Manyattas and sitting rooms;
- b) Manyattas and other structures, such as sitting rooms, will be of standard sizes for all affected structures (circumferences increased to the maximum size assessed i.e. 13m Manyattas\ Main abodes and 10m for sitting rooms);
- c) LTWP commits to procure similar construction materials, transport the materials to Site, use labour from Sirima community, pay standard daily rates for labour and provide food and water during construction of the Manyattas and associated structures at the new settlement location;
- d) Provision of potable water by means of a dedicated borehole for the community, storage tank, livestock trough (completed);
- e) Support by LTWP's mobile first aid ambulance to attend to emergencies;
- f) Construction of pit latrine at the relocation site;
- g) Construction of a classroom;
- h) A suitable boundary fence to provide security;
- i) Construction of a community store and provision of first stock of provisions for the community store as detailed in the appendices attached to this MoU (List of commodities planned in the store to be attached in this MOU? ;
- j) LTWP will undertake a Banking Agents role 'Trust Account' for those members of the Sirima community who wish to avail\ benefit of this cash security option;
- k) Training of community members on sustainable entrepreneurial skills in association with the running, managing, stock keeping practices and replenishing of the community store provisions, Banking Agents procedures and basic financing aspects associated with their cash compensation. LTWP will not provide credit in respect to its Banking Agent role;
- l) Consider the community members for employment opportunities, where possible.
- m) How about their domestic livestock corral\ units and compensation?
- n) There is no mentioning of solar panels/tarpaulins

Sirima Community\ PAHs obligations and responsibilities

LAKE TURKANA WIND POWER LIMITED

[I/We] the community of Sirima understand that LTWP commits to procure sufficient and similar construction materials as those used to construct the structure(s) and (Manyattas(s) listed in the entitlement matrix following the cut-off date in March 2012 and attached hereto in the Appendices. LTWP will procure and transport sufficient materials to Site that is required to complement the salvaged material from the demolition of the communities exiting structures to reconstruct similar but larger structures as per agreed design and sizes and use labour from Sirima community to demolish and erect new structures in the new location agreed.

[I/We] the community of Sirima further acknowledge and agree that LTWP shall pay for labour and provide food and water during the construction of the new settlement to the Sirima community members.

[I/We] the community of Sirima following discussions with LTWP have requested of LTWP to make payment in cash for the materials that can be salvaged from the demolition of our existing structures at the same value as that purchased and procured by LTWP from outside the area and agree to use such materials to complement and supplement the materials to reconstruct the new structures.

[I/We] agree that the cash payment for materials will reflect the difference between the total number of heads\ sticks necessary to build the increased structure(s) design sizes minus the salvaged number of heads\ sticks times the procurement cost for similar materials by LTWP.

[I/We] the community of Sirima hereby confirm and acknowledge that: [I/We] have been consulted as to the relocation offered and have agreed upon the location; the cut-off- date for the entitlement register of affected assets\ structures and Manyattas; the construction period for building of the new structures (main Manyattas 8-days, RAP team agreed/ recommended not to include 6 additional days for relocation as 8 days would be sufficient for main Manyatta plus auxiliary structures);

[I/we] the community of Sirima have been provided with sufficient notice regarding the demolition, salvaging and removal of the structures (Manyattas) or installations; and agree that [I/we] the community of Sirima have no further claim whatsoever against LTWP, and shall hold LTWP harmless and fully indemnified against anybody claiming through or under [me/us] the community of Sirima in respect of the said structures, installations or any other claim arising thereof.

[I/We] the community of Sirima agree to commence the demolition, salvaging materials from our existing structures so that they can be utilised in the reconstruction of our new structures and will be compensated in cash as per recital of the above paragraph #4 and [I/We] the community agree unconditionally to carry out the demolition and reconstruction in accordance with terms of this MoU and to the design, sizes, timeframes agreed and detailed above for demolition, salvaging and reconstruction of the various structures and for the compensation payments and benefits provided by LTWP and as per LTWP designated relocation Officer (Stephen Nakeno) requests, requirements without any obstruction or interference. There is no mentioning solar panels and tarpaulins for residential Manyattas.

The construction and validity of this letter shall be governed by the Laws of Kenya.
