

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	ESTONIAN ROLLING STOCK (FL 2008-0704)
Project Number:	2013-0265
Country:	Estonia
Project Description:	The project is a major allocation under the structured programme loan "EU FUNDS CO-FINANCING 2007-2013 (EST) (2008-0704)" and concerns the acquisition of 18 Electric Multiple Units (EMU) for AS Eesti Liinirongid (Elron).

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

No significant environment or social issues were noted.

Nor the rolling stock acquisition, neither the small works within the depot fall within the scope of the EU EIA Directive 2011/92/EU, therefore no EIA was required.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the Promoter, that the project has been implemented in line with EIB Environmental and Social Standards, as applicable at the time of appraisal.
