

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	ORANGE POLAND 4G NETWORK ROLLOUT
Project Number:	2012-0593
Country:	Poland
Project Description:	The project concerns the promoter's investments in Poland to increase the availability and quality of high speed mobile broadband services based on 3G/UMTS and 4G/LTE technology. The project includes the refurbishment of existing own sites, the installation of modern access nodes including core network elements and a transmission network upgrade. As a result, the project will enable the launch of 4G/LTE based services and the provision of a significantly improved coverage for 3G/UMTS based services in Poland. This project is complementary to the recent operation "T-Mobile Poland 4G Network Roll-Out" (2013-0125).

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

No significant environment or social issues were noted.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
