Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	3 SCANDINAVIA 4G NETWORK
Project Number:	2012-0051
Country:	Sweden - Denmark
Project Description:	The project concerns the rollout of a new 4G/Long Term Evolution (LTE) based mobile network in Sweden and Denmark. After the award of the new mobile licences in 2011, the rollout started and will by 2014 result in about 9 000 new or upgraded nodes. The new network will allow for very high speed mobile broadband services very similar to fixed lines services.

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

“No significant environment or social issues were noted”.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter, that the Project has been implemented in line/ with EIB Environmental and Social Standards, applicable at the time of appraisal.
