

## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name:	ORANGE MOBILE AND RURAL BROADBAND
Project Number:	2011-0462
Country:	SPAIN
Project Description:	The project related to the upgrade and extension of the mobile telecom network of Orange throughout Spain in order to provide high bandwidth 3G and LTE based mobile internet services to up to 98% of the population. The project included specific investment-commitments to cover less-densely populated areas of the country. As part of the fixed-mobile convergence strategy of the promoter, the project also included investments in the roll-out of the fixed broadband network.

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following key Environmental and Social outcomes at Project Completion.**

No significant environment or social issues were noted.

The promoter has indicated that at the end of 2015 there were 98 mobile sites located in areas of nature protection.

#### **Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion based on reports from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
