

## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name:	<i>APRR – Modernisation et sécurité</i>
Project Number:	<i>2012-0153</i>
Country:	<i>France</i>
Project Description:	<i>The project consists of an investment programme aiming at minimizing the environmental impact of APRR's (Autoroutes Paris-Rhin-Rhône) toll motorways, located on the TEN-T network. Investments will primarily include a variety of safety and environment improvement measures (e.g. water treatment, noise reduction, traffic management), bringing the network up to current safety &amp; environmental standards, and the widening of key bottlenecks with a view to enhance traffic fluidity.</i>

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following key Environmental and Social outcomes at Project Completion.**

No significant environment or social issues were noted.

#### **Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion based on the report from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
