

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	Implementation of GSM-R Slovenia
Project Number:	2015-313
Country:	Slovenia
Project Description:	Installation of GSM-R digital radio communication system on the entire public railway infrastructure network of the Republic of Slovenia.

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

The project was assessed by the EIB in 2016 as an allocation request under a framework loan (2012-0504 "Slovenia EU Funds 2007- 2013"). The EIB concluded at that time that the project was acceptable from an environmental perspective (available at <http://www.eib.org/projects/pipelines/pipeline/20150313?f=search&media=search>).

The project was finished in 2017 and is operating substantially as anticipated at appraisal.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter during Construction that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
