

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name: PRAGERSKO HODOŠ RAILWAY - 1ST & 2ND PHASE
Project Number: 2013-0454
Country: Slovenia
Project Description: *The project includes reconstruction, electrification and upgrading of the railway line Pragersko-Hodos for 160 km/h, part of the Mediterannean TEN-T core corridor.*

Summary of Environmental and Social Assessment at Completion

The project was assessed by the EIB in 2015 as an allocation request under a framework loan (2012-0504 "Slovenia EU Funds 2007- 2013"). The EIB concluded at that time that the project was acceptable from an environmental perspective (available at <http://www.eib.org/infocentre/register/all/58217172.pdf>).

The project was finished in 2016 and is operating substantially as anticipated at appraisal.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
