

Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	TALLINN URBAN INFRASTRUCTURE
Project Number:	2011-0627
Country:	Estonia
Project Description:	<i>The project concerns the financing of multi-sectoral investment schemes including small to medium sized schemes in the fields of municipal infrastructure (including streets, transport and public open spaces), education and sport, social and health infrastructure, social housing and cultural heritage and will benefit the City of Tallinn (Estonia), a convergence objective region.</i>

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

According to the promoter's reporting, no EIAs were required for any of the investment schemes and no Natura 2000 sites were affected by the overall Project. Therefore no significant environment or social issues were noted.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter during construction that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
