## Environmental and Social Completion Sheet (ESCS)

### Overview

Project Name: *Tubitak Research Promotion II*  
 Project Number: 2015-0021  
 Country: *Turkey*  
 Project Description: *The project concerned the research activities supported by the Academic Research Funding Programme (ARDEB) and the Industrial R&D and Innovation Programme (TEYDEB) implemented through the Scientific and Technological Research Council (TÜBİTAK) of Turkey. The programmes had national reach and were implemented in 2015 and 2016*

### Summary of Environmental and Social Assessment at Completion

**EIB notes the following key Environmental and Social outcomes at Project Completion.**

The project financed intangible scientific research activities as well as industrial R&D and innovation programmes. The beneficiaries included public and private sector promoters. The project included research activities in environmental sciences and the R&D performance in other disciplines (e.g. energy efficiency, renewable energy etc.) leading to the production of goods and services with improved environmental characteristics. No significant environmental nor social issues were noted.

**Summary opinion of Environmental and Social aspects at completion:**

EIB is of the opinion based on the report from the promoter that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
