Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	UNIVERSIDAD DE SANTIAGO DE COMPOSTELA RDI
Project Number:	2012-0139
Country:	Spain
Project Description:	The project concerns the co-financing of academic research at the University of Santiago de Compostela (USC), the best ranked of the three public universities in Galicia, with two campuses in Santiago de Compostela and Lugo, Spain. The project is fully located in a Convergence Region.

Summary of Environmental and Social Assessment at Completion

EIB notes the following key Environmental and Social outcomes at Project Completion.

The type of academic research includes, but is not limited to, health science, experimental science, humanities, legal & social sciences, and technical teachings.

No significant environmental or social issues were noted. The RDI activities of this project were carried out in existing facilities, already authorised, and therefore did not fall under the scope of the EU EIA Directive.

Furthermore, the promoter assures that there was no important incident with repercussions on the environment.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion based on reports from the promoter, and others, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
