

## InnovFin Final Recipients 2024

As stipulated in the InnovFin Delegation Agreement between the European Commission and the European Investment Bank (EIB), the EIB publishes information on Financial (Sub-)Intermediaries and Final Recipients supported since the signature date of the Delegation Agreement (12/06/2014) until the end of 2024.

Financial (Sub-)Intermediaries and Final Recipients which are no longer supported under the Financial Instrument (reimbursed as at 31/12/2023 or fully cancelled after signature) have been removed from the list.

## InnovFin

### Large Projects

**InnovFin Large Projects** <sup>(1)</sup> (“**LP**”) aims to improve access to risk finance with loans and guarantees from EUR 25m to EUR 300m for R&I projects promoted by larger firms, universities and public research organisations, R&I infrastructures, public-private partnerships and special purpose vehicles or projects.

## InnovFin

### Emerging Innovators

**InnovFin Emerging Innovators** (“**Emerging Innovators**”) bridges the research and innovation (R&I) investment gap in EU Member States which are labeled as Moderate Innovators and Modest Innovators in the [European Innovation Scoreboard](#) and Horizon 2020 [Associated Countries](#).

The **InnovFin Emerging Innovators** improves availability of risk finance for fast-growing or R&I-driven enterprises, R&I infrastructures, innovation-enabling infrastructures and other entities. The product is delivered by the EIB or through a financial intermediary via loans and equity-type financing starting at EUR 7.5m.

## InnovFin

### MidCap Growth Finance

**InnovFin MidCap Growth Finance** <sup>(2)</sup> (“**MGF**”) enables the EIB to provide between EUR 7.5m and EUR 25m in long-term senior, subordinated or mezzanine loans to innovative MidCaps in order to support their growth and investments in research and innovation.

## InnovFin

### Science

**InnovFin Science** (“**SCIENCE**”) aims at supporting research and innovation (R&I) investments by public or private research institutes/organisations and universities, including the financing of buildings and other infrastructure directly related to R&I activity. The product is deployed directly by the EIB in the form of debt or equity-type financing from EUR 25m.

## InnovFin

### Infectious Diseases

The **InnovFin Infectious Diseases Finance Facility** (“**IDFF**”) provides financial products ranging from standard debt to equity-type financing for amounts typically between EUR 7.5m and EUR 75m, to innovative players active in developing innovative vaccines, drugs, medical and diagnostic devices or novel research infrastructures for combatting infectious diseases.

## InnovFin

### Energy Demo Projects

**InnovFin Energy Demonstration Projects** (“**EDP**”) provides loans, loan guarantees or equity-type financing typically between EUR 7.5m and EUR 75m to innovative demonstration projects in the fields of energy system transformation, including but not limited to renewable energy technologies, smart energy systems, energy storage, carbon capture and storage or carbon capture and use, helping them to bridge the gap from demonstration to commercialisation.

## InnovFin

### MidCap Guarantee

**InnovFin MidCap Guarantee** <sup>(3)</sup> (“**MCG**”) enables the EIB to provide a 50% guarantee on a portfolio of new loans granted by Financial Intermediaries to innovative MidCaps with less than 3 000 employees at group level.

<sup>1</sup> Legacy product. Succeeded by InnovFin Emerging Innovators and Science.

<sup>2</sup> Legacy product. Succeeded by InnovFin Emerging Innovators.

<sup>3</sup> Legacy product. Succeeded by InnovFin Emerging Innovators.

## InnovFin Corporate Research Equity

**InnovFin Corporate Research Equity (“RSCR”)** increases the supply of equity-type financing under the [European Fund for Strategic Investments](#) (EFSI) to large research and innovation (R&I) programmes and to innovative large mid-caps and small or medium-sized enterprises (SME). It addresses the market gap for large equity-type investment in the form of contingent loans, in particular with mid- to long-term repayments profile that are directly linked to product development cycles. The investments are deployed by the European Investment Bank (EIB) or through a financial intermediary and target amounts of EUR 75 million.

## InnovFin Thematic Investment Platforms

**InnovFin Thematic Investment Platforms (“TIP”)** will catalyse third-party financing for thematic areas, such as the circular bioeconomy. The platforms will provide access to finance via debt or equity-type products to innovative projects in specific thematic areas and will be managed by financial intermediaries and fund managers selected through open call for expression of interest.

**Final Recipients benefitting from InnovFin support in 2024:**
